# CODE OF CONDUCT for the JESSAMINE COUNTY SCHOOLS

## PURPOSE OF THIS DOCUMENT

The Jessamine County School System has the responsibility to provide an education for each student in the district. A student's right to an education cannot be taken away without cause. Students have the responsibility to conduct themselves in ways that do not interfere with the rights of other students to an education. The Kentucky General Assembly has found that, "Every student should have access to a safe, secure and orderly school that is conducive to learning." (KRS 158.440)

While a Code of Conduct cannot be written in such detail so as to foresee every type of situation which may occur, the school community expects reasonable, self-disciplined behavior on the part of students.

## **SECTION 5—PYRAMID OF INTERVENTIONS**

All students will participate in universal screenings to be used to determine if individual students need additional instruction in specific academic areas. Interventions are a natural part of the instructional process and will not require individual parent permission in order for a student to participate. As required by federal law, any additional instruction or interventions will be research-based and implemented in a regular education setting. Data-based documentation of progress for students who need additional instruction will be collected frequently and reported to parents.

## **SECTION 6—FAMILY EDUCATION RIGHTS AND PRIVACY ACT**

### **A. Record Confidentiality**

In accordance with the Family Education Rights and Privacy Act, parents, whether custodial or not, shall have the right to see their child's cumulative school record, have it explained, challenge perceived inaccuracies and have the information in the file dealt with in a confidential way. Parents shall have the right to file complaints to the Family Education Rights and Privacy Act Office concerning any alleged failures of the district to follow this act. These rights shall be passed on as the exclusive rights of the student at age eighteen. In accordance with federal regulations concerning the release or transfer of educational records, it is the policy of this school district to send educational records on request to a school in which a student seeks or intends to enroll.

### **B. Release of Students and Student Information to Divorced, Separated or Single Parents**

The Board shall release the student or information concerning the student to a parent, guardian or individual acting as a parent of a student in the absence of a parent or guardian unless the school has been provided with evidence that there is a state law or court order governing such matters as divorce, separation or custody, or a legally binding document which provides instruction to the contrary.

Release of the student or information concerning the student to a single parent or a divorced/separated parent will be accomplished according to the following procedures:

Unless the school has been informed and given evidence of state law or court order concerning the status of the student:

1. Both parents shall have equal access to any information concerning the student.
2. Both parents shall have the right to release of the student under their care.

### **C. Student Directory Information**

The superintendent or the superintendent's designee is authorized to release Board approved directory information.

Approved directory information shall be: student names and addresses, phone number, date of birth, student's school email address, major field of study, photograph/picture, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, honors, degrees, and awards received and most recent educational institution attended by student.

Any eligible student, parent or guardian who does not wish to have directory information released shall notify the superintendent in writing on or before September 30 of each school year. For your convenience, a form will be included in student information at the beginning of the year or upon enrollment.

### **D. Other Student Information**

A bus videotape is an educational record subject to exclusion from public inspection under state and federal laws because it contains information on more than one student.

## **STUDENTS WITH DISABILITIES**

The District's special education procedures manual shall include information concerning records of students with disabilities.

## **JUVENILE COURT RECORDS**

Records or information received on youthful or violent offenders shall not be disclosed except as permitted by law. Only school administrative, transportation and counseling personnel or teachers or other school employees with whom the student may come in contact, shall be privy to this information, which shall be kept in a locked file when not in use and opened only with permission of the administrator. Notification in writing of the nature of offenses committed by the student and any probation requirements shall not become a part of the child's student record

## **SECTION 7—MISSING CHILDREN**

In the event that a minor student is missing from home, the school system will cooperate with the State Department of Education and the Kentucky State Police in an effort to locate a child. School files will be flagged to identify students who are missing. Requests for such files will be reported to authorities. Parents of students who are missing can request that their child's school records be flagged so as to catch any attempted enrollments in another school system. Parents should contact the principal.

## **SECTION 8—FEES FOR STUDENTS ELIGIBLE FOR FREE AND REDUCED LUNCH**

Students eligible for free and reduced lunch may be eligible for waivers or reduced school fees. Contact the school office for more details.

# Part Two

## SECTION 1—ATTENDANCE REQUIREMENTS

### A. One key aspect to obtaining a good education.....good attendance in school

Making school attendance a priority helps children learn good work and study habits that will serve them well now and throughout their lives. Regular school attendance also teaches children the ethics of responsibility and dedication. It builds qualities they will need as they tackle increasingly more demanding school work in upper grades and face life-long challenges. Furthermore, these character traits, along with strong academic and technical knowledge, are also what today's employers say they value most in those they hire.

Research has shown students who attend school on a regular basis demonstrate:

- A strong correlation between high attendance and a higher grade point average
- Higher levels of academic achievement than students who are frequently absent
- Stronger bonds to the school and community, &
- Increased participation in higher education or job related success

Research has shown that high rates of absenteeism result in:

- Lack of educational engagement
- Lack of participation
- Behavior challenges
- Falling behind in class work or credits
- Inability to keep up with their school work; for every missed day of school, it takes students two days to catch up since they must make up missed learning and catch up with new learning at the same time
- Being absent means that children miss out on the social side of school life which can affect their ability to make and keep friends and work alongside people later in life, &
- Increased risk of failing, retention, and dropping out later in school  
(US Department of Education)

### B. How Parents Encourage, Promote & Ensure Regular Attendance

Make attendance and academics a priority. Let children know that school attendance and homework come before time with friends, extracurricular activities or the computer.

Make medical and other appointments during non-school hours whenever possible. Schedule family vacations during school holidays or the summer break so that students are not missing important lessons and struggling to make up for lost time.

Stay home only when really sick. Most children will have occasional sick days. Children need to know that, unless they are truly sick, you expect them to go to school every day and do their best while there.

Communicate with school staff. If possible, let the school know in advance if your child is going to be absent or if you have concerns about your child's attendance or school performance.

Get organized. Create a space in your home for children to store backpacks and other supplies. Develop a routine where children have their homework done, classroom materials together and their bags packed the night before school.

Set reasonable bedtimes. On average, school aged children need about nine hours of sleep to be healthy and alert.

Reinforce reasonable bedtimes for children of all ages and, when they become teenagers, encourage them to get up and get ready on their own.

Communication to children high school age. Good school attendance shows potential employers that they are reliable and dependable.

### C. Attendance Recognition

Any student who has been present every day of the school year, with no partial-day absences, and no tardies, will receive a perfect attendance award.

Any student who has no more than two excused absences and no more than three excused tardies will receive an exemplary attendance award. Any student who has no more than three excused absences and no more than three tardies will receive an outstanding attendance award.

### D. Age limits for Compulsory Attendance

Each child in the district who has entered kindergarten or who is between the ages of six (6), as of August 1, and eighteen (18), except those specifically exempted by statute, shall enroll and be in regular attendance at the school to which s/he is assigned.

Per 704 KAR5:060, any five (5) year old child not otherwise subject to compulsory attendance laws, but who voluntarily enrolls in the primary school program at the beginning of the school year, may upon parental or guardian's written request be withdrawn from the program at any time within the first two (2) school calendar months. At the end of such trial period a child shall be considered irrevocably entered into the primary school program for purposes of KRS 159.010 and KRS 159.020.

### **E. Absence and Tardy Defined**

Absence is defined as non-attendance for 36% or more of the regularly scheduled school day for the student's grade level. Tardy is defined as non-attendance for 35% or less of the regularly-scheduled school day for the student's grade level. Tardy includes missing any part of the day (being late to school, being late to class, or leaving school before classes are dismissed).

### **F. Excused Absence From School**

Students who are absent from school are required to have a legitimate excuse. Within five days of a student's return to school, s/he must present a note to a designated staff person. If a note is not received within five days, the absence may be considered unexcused. The note should include the current date, the student's first and last name, the date(s) of the absence(s), the reason for the absence(s) and the parent/guardian signature. Parents may write a note of excuse as a hard copy or via email. If an email is sent for an excuse, it must be accompanied by a follow up phone call by the parent before it is accepted. A parent may write a note for a total of six (6) absences per year (three for each semester at the high school level) for the following permissible absences:

1. Illness of the student. If days of absence for illness exceed total allowable number of parent notes, a written statement from a medical professional (physician, dentist, orthodontist, psychologist, physician's assistant, nurse practitioner, physical therapist, optometrist, or public health officer) will be required in order for each additional absence for illness to be excused.
2. Severe illness in the student's immediate family.
3. Religious holidays and practices approved in advance by the principal.
4. Family emergencies requiring immediate attention, as approved by the principal.
5. Three (3) total visits, no more than two (2) per semester, to colleges or universities approved in advance by the principal and restricted to juniors and seniors. Documentation from the college/university will be required.
6. Other valid reasons as determined by the principal.

### **Documentation, from sources other than a parent, will be accepted for the following absences:**

7. Court appearances requiring the student's presence. Documentation from the court will be required.
8. Medical and dental appointments. A physician's excuse shall state the date(s) and/or number of days for which the student will be excused.
  - a. Any medical statement submitted to the school must be an original; no copy will be accepted.
  - b. Schools will no longer accept faxed medical statements.
  - c. Local physicians' offices will use the standardized Jessamine County Schools' Medical Statement for Return to School form.
  - d. Any physician note marked "Not Seen" will be coded as an unexcused absence.
  - e. When a student exceeds 12 medical statements, the parent/guardian will be asked to use a standard medical excuse form provided by school office staff for the treating physician/physicians. This form will allow the Health Advisory Committee to review health information for the purpose of:
    - \*Determining the need for documentation regarding a Chronic Health Condition;
    - \* Addressing the student's academic status;
    - \* Determining the possible need for Home/Hospital services.
  - f. Each case will be reviewed on an individual basis.

### **G. Confirmation of Medical Statements**

If falsification of a medical statement is suspected, the physician's office will be contacted to validate the authenticity of the medical statement. Until the authenticity of the medical statement is verified, the school will not count any of the covered dates as excused absences.

### **H. Secondary School Attendance for Students Ages 18-21**

We encourage, support and applaud students 18 years and older who choose to pursue completion of their studies. However, Kentucky statutes are very clear in regards to school attendance for adults.

Any student between the ages of 18 and 21 who has not met graduation requirements may continue in school as long as s/he:

1. is in regular attendance (see section E above)
2. is making satisfactory progress toward graduation
3. refrains from causing any disciplinary problems; and
4. abides by school regulations.

Failure on the part of the student to meet these requirements may be interpreted as that student's voluntary withdrawing from school. In addition, according to KRS 159.150 and 159.990, an 18-year old who has been absent from school without valid excuse for three (3) or more days, or tardy without valid excuse on three (3) or more days, is a truant and can be fined one hundred dollars (\$100) for the first offense and two hundred fifty dollars (\$250) for each subsequent offense.

A committee including the principal or designee and guidance counselor will review each case to determine the best course of action for the individual student and the school. The principal or designee will chair the meeting and the student will be invited to attend the meeting. Failure on the part of the student to attend the meeting does not restrict the committee from making a decision.

The committee will discuss educational programs that may serve as an alternative to regular classroom instruction (correspondence courses, GED, adult education, etc.) with the student.

In cases that involve special needs students, the procedures mandated by federal and state law for students with disabilities shall be followed.

If the committee decides to withdraw the student, s/he may appeal the decision of the committee in writing within (10) days of the committee's decision to the superintendent.

#### **I. Homebound Instruction**

Home/hospital instruction provides educational services to students who cannot attend school for extended periods due to temporary or recurring conditions, including fractures, surgical recuperation, or other physical, health or mental conditions. An "extended period" refers to an absence for more than five (5) consecutive school days.

Home/hospital instruction will be a minimum of two (2) visits per five days of school with one (1) hour of instruction per visit, which is equivalent to one (1) child's attendance in school for five (5) days. A parent or responsible adult must be present in the home/hospital room during the time the home/hospital teacher is present.

#### **J. Unexcused Absence From School**

All absences other than those described in Section E are considered unexcused absences.

#### **K. Make Up Work For Missed Days**

Opportunity for make-up work will be given for all excused absences. Students suspended out of school will be expected to make up all work for full credit. The number of days allowed to complete make-up work will be equal to the number of school days the student was absent plus one additional day.

While students will always be provided the opportunity to make-up work missed during an unexcused absence, **such make-up work may not count for credit at middle school and high school.** Students will, however, be allowed to make up tests and projects for credit even if the absences are unexcused.

#### **L. Truancy Defined**

Any child who has been absent from school without valid excuse for three (3) or more days, or tardy on three (3) or more days, is truant. Partial-day absences will be added together to determine truancy. Any child who has been reported as truant two (2) or more times is habitually truant.

#### **M. Truancy and Habitual Truancy Procedures**

Principals and assistant principals shall follow these procedures at a minimum regarding truancy and habitual truancy:

1. After three (3) days of accumulated unexcused absences (or first truancy), a contact by phone or letter will be made to the parents notifying them of the truancy. Documentation will be kept.
2. After six (6) days of accumulated unexcused absences (or second and habitual truancy), a conference will be scheduled between the parents and designated school staff. An intervention plan will be developed and implemented, which may include a truancy survey questionnaire.
3. If truancy continues, documentation of the school's efforts will be sent to the Director of Pupil Personnel who will issue final notice and then proceed under KRS 159.180 to seek legal resolution of the problem through the court system.

#### **N. Chronic Absenteeism Defined**

Chronic absenteeism is defined as missing more than 10% of school days at any given point in the school year for any reason, or a total of 18 days by the end of the year. Students who are chronically absent are at increased risk for academic failure, involvement in the juvenile justice system as adolescents, and dropping out of high school. Jessamine County Schools is committed to lowering the number of chronically absent students through educating the public about the issue, reporting chronic absenteeism data on a regular basis, revising policies involving attendance and intervening with students who are chronically absent.

## **SECTION 2—DRESS AND APPEARANCE**

The Jessamine County Board of Education believes that the appearance of students is important to the educational environment and should create a positive school climate and enhance school safety. Appropriate clothing is expected for all students. Jessamine County Schools remain committed to developing individuals who are well-prepared for the demands of the future.

If a school council chooses to more specifically address dress and appearance, the council policy shall include, but not be limited to, the following:

Students should not wear apparel which may attract undue attention or present a threat to health or safety. The wearing of any such apparel may necessitate an intervention by school personnel.

Examples of inappropriate apparel:

- A. That which advertises tobacco products, alcohol or drugs;
- B. That which promotes or suggests lewd, profane, vulgar, racist or violent themes;
- C. That which is revealing (as short shorts or short skirts, bare midriffs, crop tops, low necklines, sheer fabrics, body-hugging or tight as with spandex, sagging below the waistline, with holes or tears);

D. Chains (bike chains, chains on wallets, dog collars, spikes on clothing or jewelry).  
In addition, lightweight outerwear is permitted in the classroom. Heavy outerwear shall not be worn in the classroom and must be stored in the locker. For safety purposes, students may not wear shoes with wheels.

### **SECTION 3—STUDENT MOTOR VEHICLE USE**

Driving to and from school grounds is a privilege (not a right) which may be revoked at any time if any one of the following conditions is violated.

#### **CONDITIONS FOR MOTOR VEHICLE USE**

1. Before a student may drive a motor vehicle onto school grounds, the student's parents or guardian must sign a valid parking application at East or West Jessamine High School, Providence School or the Jessamine Career and Technology Center. A valid proof of insurance must be provided.
2. No Pass/No Drive Bill—This statute results in the denial or revocation of a student's driver's license for academic deficiency or dropping out of school as a result of excessive or unexcused absences. Academic deficiency is defined as a student who does not have passing grades in at least four courses, or the equivalent of four courses, in the preceding semester. For the purpose of No Pass/No Drive, a student is deemed to have dropped out of school when s/he has nine or more unexcused absences in the preceding semester. Any absences due to suspension shall be unexcused absences.
3. All motor vehicles parked on school grounds must be registered with the school and must display a current parking permit. All students must present written parental permission, a valid driver license and proof of insurance coverage to receive a permit. This permit will be issued for one (1) school year.
4. Vehicles shall be parked in designated student parking areas on the school campus and are not to be visited or moved during the school day unless specific permission is given by the school principal. There will be no loitering in the parking lot. Students will not be allowed to leave campus for lunch.
5. Speeding, texting while driving, or any other form of reckless driving, will result in a loss of driving privileges on school grounds.
6. Vehicles parked on school grounds are subject to search at any time if there is reasonable suspicion that illegal drugs, weapons, stolen property or other illegal contraband may be present in the vehicle.
7. All student vehicles parked on school grounds are subject to search by drug dogs at any time.
8. Vehicles on school grounds must be free of any objectionable (those that are lewd, profane, vulgar, racist or have violent themes) bumper stickers and adornment.

### **SECTION 4—ANTI-BULLYING LAW**

As required by the Anti-Bullying Law (KRS 158.156), Jessamine County Schools MUST address any incidents involving students committing felony offenses. Students can report incidents of bullying directly to their teachers or by utilizing the STOP Tipline located on the Jessamine County Schools' website at [www.jessamine.kyschools.us](http://www.jessamine.kyschools.us) or by completing the form located on page 25 of this booklet.

Under the Anti-Bullying Law, students committing any of the following felony offenses under KRS Chapter 508

1. While on school premises, or
2. While on school transportation, or
3. At a school sponsored event

will be reported by any employee of the school district who identifies the offense to the building principal, who will then cause a report to be made with local law enforcement, Kentucky State Police or the County Attorney:

1. Assault in the 1st degree, 2nd degree, or 3rd degree
2. Wanton endangerment in the 1st degree
3. Terroristic threatening in the 1st and the 2nd degree
4. Criminal abuse in the 1st and the 2nd degree
5. Stalking in the 1st degree

The parent, legal guardian or custodian of the student will be notified of the complaint.

The written complaint will contain the following:

1. The names and address of the student allegedly responsible for the violation and his or her parents, legal guardian or person exercising custodial control
2. The student's age
3. The nature and extend of the violation
4. Any other information that the principal believes may be helpful in the completion of his/her report

Anonymous reporting (oral or written) of incidents will be accepted from employees and students of the school district. There is no reprisal for reporting an incident in good faith.

Employees of the district will be trained on these requirements.

By receiving this information in the code of conduct, students, parents, guardians and those exercising custodial control have been informed of the requirements of this code and provisions of Sections 1-5 of the Anti-Bullying Law.

## SECTION 5—DISCIPLINARY PROCEDURES

The Jessamine County Board of Education recognizes its responsibility to give all reasonable support and assistance for the maintenance of discipline while students are under the authority of the Board of Education. It is understood that teachers and principals have the authority and responsibility to use reasonable methods to maintain classroom/school control.

In addition to the Code of Conduct, parents, students and staff should read and become familiar with the school and classroom rules as presented in school handbooks and/or teacher lists.

### A. Information Related to Disciplinary Actions

#### 1. Classroom Rules

This code does not preempt the use of reasonable classroom rules which individual schools or teachers find helpful in classroom management. Rules such as requiring students to bring adopted textbooks to class regularly or to have students raise their hands to be recognized before speaking out in class are examples of reasonable classroom rules. Students are expected to follow these rules; if a question arises, they may appeal to the teacher, principal, etc., as outlined in section H.

#### 2. General Discipline Procedures

The principal or designee should counsel with the student regarding the offenses in an attempt to correct the behavior and to prevent its recurrence. A school counselor may be involved if a problem seems to stem from causes deeper and more serious than simple misbehavior. If, in the judgment of the principal or designee, the offense is of a serious or persistent nature the parent or guardian will be notified in writing. An administrator may seek the help of local authorities (e.g., police, court designated worker) when the safety or best interest of the school is in jeopardy.

#### 3. Reporting Misbehavior

We encourage parents, students and school staff, including SROs, to report any kind of misbehavior to authorities. That authority may be a teacher, principal or the superintendent, starting with the teacher if possible. Please try to be specific about the problem. Students can report incidents of bullying directly to their teachers or by utilizing the STOP Tipline located on the Jessamine County Schools' website at [www.jessamine.kyschools.us](http://www.jessamine.kyschools.us) or by completing the form located on page 25 of this booklet.

#### 4. Students Receiving Special Education Services

A student receiving special education services or Section 504 accommodations may be disciplined according to Jessamine County Schools Code of Conduct. Additional behavioral interventions, treatment and consequences may be part of the Individual Education Program or the Section 504 accommodations. Decisions related to disciplinary actions for these students, which may include suspension and expulsion for serious offenses, are made in accordance with federal and state regulations and Jessamine County Schools special education procedures.

#### 5. Disciplinary Options

To correct misbehavior, local school administrators and faculty are strongly encouraged to use optional in-school measures short of suspension or expulsion whenever possible. Violations of the code of conduct may result in one or more of the following consequences:

1. Warning;
2. Notifying the parent of the student's misconduct (by telephone or letter);
3. Separation from peers;
4. Constructive assignment of projects;
5. Behavioral contracts;
6. Conference with parents;
7. Loss of school privileges;
8. Counseling and/or evaluation;
9. After-school detention;
10. In-school suspension;
11. Off Campus suspension-Off Campus Suspension (OCS) is an alternative to an out of school suspension. OCS is located at The Providence School, Wilmore. The students who are required to attend OCS will be transported by bus to and from their home schools;
12. Suspension;
13. Alternative education placement;
14. Referral to civil authorities;
15. Administrative hearing;
16. Referral to the Board of Education for expulsion.

**\*Loss of physical activity periods shall not be used as a disciplinary consequence.**

#### 6. Safe Physical Restraint

Employees may use, within the scope of their employment, such physical restraint as may be reasonable and necessary to protect themselves, students, or others from physical injury; to obtain possession of a weapon or other dangerous object under the control of a student; or to protect property from serious harm.

#### 7. Student Searches

The school and school facilities are the property of the Jessamine County Board of Education. No illegal items or substances, such as drugs or weapons, are allowed on school property. In addition, there will be periodic inspections

of lockers by school personnel including SROs. A specific individual's locker may be searched when reasonable suspicion of the violation of school regulations or civil law is evident. In cases of reasonable suspicion of the violation of school regulations or civil law, a student may be asked to empty his or her pockets or purse for inspection by a school administrator or SRO. We reserve the right to use random search techniques including police dogs used to locate drugs. All vehicles on school grounds are subject to search at any time.

#### **8. School Resource Officer (SRO)**

The SRO shall work in conjunction with the principals and the teachers to deliver instruction on a 'guest lecturer' basis in a variety of subject areas to include but not limited to police and their role in society, laws, juvenile and adult criminal justice systems, career opportunities in law enforcement, drug education, gang resistance education, teen crime and community conflict resolution. Other responsibilities include:

1. being available for conferences with students, parents and faculty members in order to assist them with problems of law enforcement or a crime prevention nature,
2. making referrals to such agencies when necessary thereby acting as a resource person to the students, faculty and staff of the school,
3. acting as a sworn police officer, taking whatever law enforcement actions are necessary pursuant to agreements executed by the school district when required,
4. giving assistance to law enforcement officers in matters regarding his/her assignments, whenever necessary, and
5. investigating situations related to runaways, thefts, or any crime relating to the students attending schools that the SRO serves.

The SRO may interview, question and counsel students regarding violations of school rules, procedures and regulations committed on school property or elsewhere. In the event of an investigation into what appears to be a violation of the criminal law, prior to questioning by the SRO, a school administrator shall make an effort to notify the parent, guardian or custodian, of intended questioning of the student who is under suspicion as to possible commission of a crime. In the event the parent, guardian or custodian cannot be promptly notified, the SRO may conduct questioning into the matter if the safety of the school, students or property is in potential jeopardy, or evidence may be lost or altered if the investigation does not continue promptly.

#### **B. Referral Procedures**

Students may be referred to the appropriate administrator's office by a faculty staff member or bus driver for alleged violations of the Code of Conduct and any school rules or regulations.

The principal or designee will process the referral and complete a student discipline record in the office. Such records shall be maintained by the school and made accessible upon request to the student and/or parent in compliance with the Family Education Rights and Privacy Act.

Parents will be notified of serious or persistent disciplinary infractions. Repeated offenses may result in extended suspensions or recommendations to the Board of Education for expulsion.

#### **C. Conduct in the School Environment Warranting Disciplinary Action**

Conduct in the school environment refers to conduct that occurs within the school building, on school grounds, to and from school by bus and/or during school-sponsored activities including those activities which are outside of the usual attendance calendar such as summer band camp or graduation exercises. The administrator shall use his/her discretion and best judgment in determining the need and type of disciplinary action and shall retain the power and authority to use the type of discipline which may yield positive results for the student. It is strongly recommended that students having severe disciplinary problems be counseled and/or provided other services that may tend to modify their behavior. Students participating in extra-curricular activities may have additional restrictions imposed by their coaches/program leaders to prevent the likelihood of future incidents.

Note: In the case of drug possession or use, distribution of drugs, or other criminal offenses, principals shall immediately report to law enforcement officials when an act has occurred on school property or at a school-sponsored function.

#### **D. Suspension and Expulsion Procedures**

The basis for suspension and expulsion of students in the public schools is set out in KRS 158.150, and as provided therein, all pupils admitted to the common schools shall comply with the lawful regulations for the government of the schools. The grounds for suspension or expulsion of students shall be violation of the infractions listed above. The principal, assistant principal, superintendent or an appropriate designee may suspend a student. Refer to Page 11, Section 5, A-4 for suspension for students receiving special education services or Section 504 accommodations.

A suspended student is forbidden from entering any school or any school grounds (except for a prearranged conference with an administrator), attending any day or night school functions, including weekend functions, of the Jessamine County Schools, or riding a school bus during the term of the suspension. Violation of this is cause for expulsion.

The principal may initiate suspension action. The principal may request a parent conference before reinstatement, so that alternate remedies for the student's behavior may be identified and parental support assured. A mutually acceptable method of conferring may be agreed upon if a conference at school is not possible.

No suspension under the foregoing authority shall be made unless the student is given oral or written notice of the charges which constitute cause for suspension, has been given an explanation of the evidence of the charge or charges, and if the student denies them, is given an opportunity to present his/her own version of the facts about the charge or charges. There need be no delay between the time the oral or written notice is given and the time of the above described informal hearing where the student is informed of the charges against him/her and where s/he is given an opportunity to present his/her version of the facts.

As a rule, this informal notice and hearing should precede removal of the student from school. In extraordinary cases, students may be immediately suspended without the informal hearing where they have, in the judgment of the principal or superintendent, been guilty of such conduct that their presence poses a continuing danger to persons or property and that immediate suspension is essential to protect persons or property or to avoid disruption of the academic process. However, in such cases, the necessary notice and informal hearing should be held as soon as possible but no later than three (3) school days after the suspension is effected. In any case, the oral or written notice which is given to the student should specify the charges against the student.

Any suspension shall be reported immediately to the superintendent and parent of the student.

Only the Board of Education may permanently expel a student; but no expulsion by the Board of Education shall be made until the parent or other person who has legal custody or control of the student and the student have had an opportunity to have a hearing before the Board of Education and proper notice of the hearing is given to the student and to the parent or other person having legal custody or control of the student.

In instances of a severe disciplinary problem, repeated offenses, or after two or more previous suspensions, it may be necessary to resort to expulsion of a student for the remainder of the semester or school year. Infractions that occur near the end of a given school year may result in a suspension or expulsion carrying over into the next school year.

#### **E. Athletic Drug Testing Program for Athletes and Student Drivers**

Each student who plans to participate in athletics at the middle school level or the high school level and each student who plans to drive to school will be subject to random drug testing as a prerequisite for 1) participation in an athletic program and/or 2) receiving a parking permit. Positive test results will not be turned over to law enforcement authorities or used to suspend or expel students from school. Refer to the Random Drug Testing and Alcohol Breathalyzer Procedures Handbook, available from the coach or principal, for further information.

#### **F. Intervention for Drugs**

Any student, even a first-time offender, who is in possession of alcohol, drugs or look-alike substances or is under the influence of alcohol or drugs will be suspended at least ten days and may be suspended for additional days at the discretion of the principal or the superintendent. Such students may also be recommended for expulsion in which case they may be suspended until a board expulsion hearing is held.

However, at the discretion of the principal a first-time offender who has not sold, distributed or given to others such alcohol, drugs or look-alike items may be offered an intervention contract. To be eligible for consideration of an intervention contract a student must undergo a chemical dependency evaluation at the parent expense. If the evaluation cannot be conducted within five (5) days, the parent must contact the principal to request an extension. The principal will review the evaluation and may allow the student back in school after five (5) days of suspension. If allowed back, the student and his/her parents must agree in writing to abide by an intervention contract. The contract will include the recommendations of the dependency evaluation and any other limitations the principal may choose to include. Continued school attendance is contingent on the student and parent abiding by the intervention contract. Violation of the contract may lead to immediate suspension and a recommendation for expulsion. Student drivers and athletes are also subject to consequences outlined in the Random Drug Testing and Alcohol Breathalyzer Procedures.

#### **G. Reporting Procedures for Out of School Suspension and Off Campus Suspension**

Out of school suspensions and off campus suspensions will be reported immediately to the parent or other person having legal custody or control of the student.

## **H. Appeals Process For Disciplinary Actions**

When a student or parent disagrees with a disciplinary decision, s/he must file a written appeal of the decision within ten (10) school days of the date of the disciplinary action. If the disciplinary consequence was assigned by a teacher or an assistant principal, the written appeal must go first to the principal. If the disciplinary consequence was assigned by the principal and involved a consequence of out of school suspension or higher, the written appeal goes directly to the superintendent.

Upon receipt of the written appeal, the principal or superintendent (see above) will respond in writing to the person making the appeal within ten (10) school days of receipt of the written appeals notice. If a student or parent is appealing a suspension, the student will not serve the suspension days unless immediate suspension is essential to protect persons or property or to avoid disruption of the ongoing academic process.

In the event that the principal denies the appeal and the consequence is out of school suspension or higher, the student or parent may appeal that decision to the superintendent. Again, that appeal must be made in writing within ten (10) school days of receipt of the principal's written response. The superintendent then must respond in writing to the student or parent within ten (10) school days of receipt of the appeal.

If the issue is not resolved by the superintendent, the student or parent may appeal to the Board of Education, in writing, within ten (10) days of receipt of the superintendent's decision. The Board of Education will hear the appeal at a regularly scheduled Board meeting, or at a specially-called meeting at the Board's discretion. In matters related to student discipline the action of the Board of Education will be limited to an appellate review to determine if procedural flaws (e.g., failure to provide for due process) or unlawful action occurred. In other words, the Board of Education's role is not to determine if the disciplinary consequence was warranted, but rather if the administrator(s) followed board policies and/or laws and regulations.

## **I. Administrative Hearings**

An administrative hearing is convened when a student has reached the limit of tolerable interventions or in certain extreme cases of bad conduct that might lead to a recommendation for expulsion. The administrative hearing will be chaired by a District Office representative and will include, but are not limited to:

- The school-level administrator making the recommendation
- The student and his/her parent or guardian
- The Director of Pupil Personnel or designee
- The Superintendent or designee

Possible outcomes include, but are not limited to, a recommendation for an alternative placement, removal to home services, behavior contracts, or a recommendation that a student be placed before the School Board for expulsion. Administrative hearings are not subject to appeal. In the event a student withdraws from school before a scheduled administrative hearing has occurred, the hearing must be reconvened prior to the student's re-enrollment.

Transfer requests to ride another bus will be granted in emergency situations by the principals or designee based on available space.

# SCHOOL CLOSING and ALTERNATE BUS SCHEDULES for the 2018-2019 SCHOOL YEAR

The icy, snowy weather for the past several winters has made it necessary for us to do some advanced planning for these conditions should they occur.

This communication is to inform staff, students and parents of the procedures that will be followed this winter in regard to school closings, snow routes and early dismissal due to deteriorating road conditions.

## SCHOOL CLOSINGS

The following radio and TV stations will be notified as close to 6:00 a.m. as possible on the days that school will be closed or on early dismissal days.

### RADIO AND TV STATIONS

WKQQ	WLRO	WVLK	TV CHANNEL 18	TV CHANNEL 36
WLAP	WBUL	WNJK	TV CHANNEL 27	TV CHANNEL 56

Please **Do Not Call** these stations. It makes it impossible for school officials to reach the stations if the lines are kept busy.

Please **Do Not Call** school or bus garage officials since this will only hinder necessary communications with the radio and TV stations. School closings will be announced on the evening news if conditions are such that having school the following day is out of the question.

If the district announces that we are operating on the SNOW PLAN, school buses will not run on the following roads:

Adena Lane Ashgrove Lane Baker Lane Barkley Estates Barkley Woods Beaumont Road Bethany Road Beverly Lane Bicknell Lane Bird Whistle Brannon Road West Branwood Bridle Subdivision Brumfield Lane Bruner Lane Burdraco Cambridge Estates East Cambridge Estates West Camp Daniel Boone Rd. --	--	--	--	---

In addition, when the system is operating on the SNOW PLAN, buses **WILL NOT** run on courts, cul-de-sacs or dead end roads.

In the event that some roads become too dangerous for our buses to deliver students to their normal stops, those who are left on buses will be returned to their home school.

**If school is cancelled**, all afternoon and evening activities (other than athletics) are cancelled as well. The decision to continue with athletic events is left up to the principal and/or athletic directors at each school based on the potential conditions at game time. The school calendar already designates how we will make up lost instructional days.

**If a two-hour delay is employed**, all school starting times and bus pick-up times will shift by two full hours. When a two-hour delay is employed, the Jessamine Early Learning Village morning preschool session will not be held. The school day ends at the normal time and bus routes will be on regular schedule. Afternoon and evening activities will continue as planned unless weather conditions worsen. Decisions about making up the time missed will be made on a case by case basis in accordance with current state guidelines.

**If school is dismissed early**, all afternoon and evening activities (other than athletics) are cancelled as well. The decision to continue with athletic events is left up to the principal and/or athletic directors at each school based on the potential conditions at game time. Decisions about making up the time missed will be made on a case by case basis in accordance with current state guidelines.

**How Does the Wind Chill Affect School Being Delayed or Closed?** During the winter months, several factors come into play that could delay the start of school or cause school to be closed all together. One such factor is the wind chill on a given day. On particularly cold mornings, we continuously monitor the National Weather Service and closely monitor the weather conditions. There are two possible scenarios that come from the National Weather Service: a Wind Chill Advisory and a Wind Chill Warning. The National Weather Service defines the two as the following: Wind Chill Advisory-Wind chills between -10 and -24 degrees and at least a wind of 10 MPH or more. Wind Chill Warning-Wind chills -25 degrees and below with at least a wind of 10 MPH or more.

When the National Weather Service issues a Wind Chill Warning for Jessamine County for the time the school day begins, we will make the decision to close schools. It is quite likely we will make this type of decision on the morning of the day in question as it is hard to predict what the wind chill will be the night before. If there is a Wind Chill Advisory for the county, school will likely be open unless there are operational problems with the bus fleet or mechanical problems in the school buildings. Buildings and the bus fleet are assessed in the morning prior to school by 6:00 a.m.

As a parent, if you determine that the weather conditions are too dangerous for your child to be out, we respect your decision. You are free to contact your child's school to request an excused absence for the day.

Please understand that the safety of our students and staff is our top priority when making these decisions to delay or close school. We can assure you that our school buildings are warm, safe and an ideal place for students to be when it is extremely cold outside. Parents should make sure their child is dressed appropriately for the cold weather. The district urges students to wear winter hats, gloves, heavy coats and boots. Frostbite and hypothermia are serious risks and need to be taken into consideration by the parents.

School closings or delays are reported to local television and the district web site, [www.jessamine.kyschools.us](http://www.jessamine.kyschools.us). If the weather turns dangerous during the school day, decisions about closing school early are made with careful deliberation, and announcements are distributed through the local media and the district web site as quickly as possible.

Questions about school cancellation or delays may be directed to Matt Moore, Deputy Superintendent, at (859) 885-4179, ext. 3006.
