Keep this paper with the daily NTI instructions in a safe place at home. You will need to refer back to it each NTI day. The work needs to be completed and turned in the first day we return from each NTI day. All incomplete work will result in your child missing non-academic activities until work is completed.

** Students can email their Landform questions/responses to their teacher, or questions can be printed/answered at home, or answered on notebook paper and turned in at school.

- Your child's teacher will be checking their email regularly between the hours of 8:00AM and 3:00PM to answer any questions that you may have.
