

Using Clever at Home to Access Educational Programs

1. Go to the RDES website: <http://www.jessamine.kyschools.us/7/Home>
2. In the middle, just under our mission statement, you will see a link to “Clever.” This is in the gray bar.

3. If your child has his/her Clever badge, and your device has a camera, click on the “Clever Badge Log in” and scan the badge. **OR** If your child does not have his/her Clever badge or a device with a camera, you will need to type in his/her school email address and password (this information is at the bottom of the page).

A screenshot of the Jessamine County login page. The page title is 'Jessamine County' with a subtitle 'Not your district?'. Under 'Login information', there are two input fields: 'USERNAME' with the placeholder text 'School Email Address' and 'PASSWORD' with the placeholder text 'School Password'. Below these fields is a 'Log in' button. To the right of the login fields is a large 'Clever' logo with a QR code. Below the QR code is a blue button labeled 'Clever Badge Log in'. A black arrow points to this button. The word 'OR' is written in large, bold, black letters between the login fields and the Clever QR code. At the bottom right of the page is a link for 'District Admin Login'.

4. Once your child has logged into Clever, he/she will have access to our educational programs (i.e. Lexia, BrainPop, MobyMax, and more!). If you have any problems with your child’s Clever badge, you can use your child’s school email and password. Your child’s teacher should provide this for you below.

A large, empty rectangular box with a black border, intended for providing school email and password information.
