

# For Families

## JESSAMINE FRYSCKYS

The Family Resource and Youth Services Centers (FRYSC) in Jessamine County are committed to ensuring that the basic needs of our children and families are met through district collaboration and local community partnerships. Currently Jessamine County Food Service and Jessamine County FRYSC are working in collaboration to connect with our children in need of food so those children receive a balanced meal. In addition, our FRYSC are leveraging community resources and donations in order to support families that require needs beyond food service capabilities.
